Product Name: Anti-Lipid Phosphate Phosphatase 3-RGD Rabbit Polyclonal Antibody

Product Number: Z-R019

Storage: Store at 4 °C for up to 30 days. Aliquot and store at -80 °C if longer storage is necessary. Antibody is stable for 1 year when stored at -80 °C. Avoid repeated freeze/thaw cycles.

Description: Anti-human lipid phosphate phosphohydrolase-3 (LPP-3) antibody is generated in rabbit immunized with a synthetic peptide selected from the Arg-Gly-Asp (RGD) adhesion sequence of the human LPP-3.

Amount: 100 µg

Concentration: 1 mg/mL

Suggested Use: Cell Staining, flow cytometry

Antibody Specificity: Shown to recognize the LPP3 expression on the surface of the endothelial cell stimulated with vascular endothelial growth factor (VEGF).
